¹ In 2008 the ownership of the installation changed and the new owner surrendered allowances for the months August – December 2008 as agreed with the Austrian Federal Ministry of Agriculture, Forestry, Environment and Water Management and fulfilled their duties. The missing allowances are claimed from the old owner.

Legend:

*Verified emissions taking advantage of the temporary derogation from Article 16 of the EU Emissions Trading Directive (Stop-the-clock).

Compliance status symbols:

- A The number of allowances and ERUs/CERs surrendered by 30 April is greater than or equal to verified emissions.
- B The number of allowances and ERUs/CERs surrendered by 30 April is lower than verified emissions.
- C Verified emissions for preceding year were not entered until 30 April.
- X Entering verified emissions and/or surrendering was impossible until 30 April due to the allowance surrender process and/or verified emissions update process being suspended for the Member State's registry.

³ Jetalliance fell out of the scope of the EU ETS for the year 2012 and thus did not have to report verified emissions.
